Aug 2023 – Nov 2023
Spike Point Infotech Private
Limited

PROJECTS

CSE Learning Hub

Our mission is to empower all learners of the computer science and information technology disciplines through our comprehensive platform. Our portal offers access to a wealth of valuable academic resources, guiding students on their educational journey. The repository contains previous years' papers and DE reports, procured from the esteemed halls of GTU. We appreciate the significance of these resources and aim to make them effortlessly accessible through our platform.

Grocery Application

Introducing the Next Generation of Grocery Shopping with Our Innovative App

Say hello to the future of grocery shopping with our cutting-edge Grocery App – an effortless and user-friendly solution that saves you time. Enjoy the convenience of seamless browsing, personalized recommendations, and easy ordering, all available at your fingertips.

Social Media Monitoring

Creating a Social Media Monitoring App for the Ahmedabad Police Cyber Crime Department

As part of my work, I developed a Social Media Monitoring application for the Cyber Crime Department of the Ahmedabad Police. The application stores personal data and information, which can be accessed whenever required. As a result of my efforts, I was awarded an Appreciation Letter by the Deputy Commissioner of Police, Cyber Crime Ahmedabad City.

ShopOn Application

Creating a Fashion E-commerce App During my internship, I developed an application called ShopOn, an app that functions as an e-commerce platform selling products such as jeans, pants, and other clothing items. I was responsible for creating the front-end design of the app based on the company's provided design guidelines.
